## Compare DEL's QED Shades

*How loud are the shades from the other companies?*

Our shades are whisper quiet (only 44 dBA at three feet).

*Will all shades move at the same speed?*

All shades will start, stop, and track in unison and exact alignment (to +/- 1/16" accuracy) at all times.

*What are the light gaps of our competitor's shades?*

Our light gaps are only 3/4" (smallest in the industry).

*Can the competitors provide preset stopping points?*

With our shades you can set "points on the window" that the shades can automatically stop.

*Are key pad available in designer colors?*

Our keypads are available in dozens of colors to match any decor.

*Can shades from others hold programming when power is removed?*

Our shades have a 10 year power failure memory.

*What happens if there is ESD?*

Our shades will withstand 15,000 volt electrostatic discharge without damage.

*Warranty?*

Our system comes with an 8 year warranty including 24 hour / 7 day a week technical support.
