### Programming Chart Sample (Note: up to 6 groups are available)

Main Channel #	Group One Channel#	Group Two Channel#	Group 3 Channel#	Group 4 Channel#
#1	#5	#6	#9	#10
#2	#7	#9	NA	NA
#3	#5	#8	NA	NA
#4	#7	#8	#10	NA

The example above has four shades. Each shade can be controlled individually by pressing the appropriate channel number (#1 thru #4).

Groups are as follows:

If button number 5 is pressed, shades #1 and #3 will operate as a group.

If button number 6 is pressed, shades #1 will operate.

If button number 7 is pressed, shades #2 and #4 will operate as a group.

If button number 8 is pressed, shades #3 and #4 will operate as a group.

If button number 9 is pressed, shades #1 and #2 will operate as a group.

If button number 10 is pressed, shades #1 and #4 will operate as a group.
