## MPS - Motor Plug Set

### A "Quick Disconnect" - 4 Conductor Plug Set for 110VAC Motors.

Wire is held fast with "Quick Grip Jaws"

No Special Tools!

Quick Connectors for Easy Installation!

Color Coded for easy, NO FAIL connections

## TECHNOLOGY FOR THE WINDOW COVERINGS INDUSTRY:

**Cost** - the most cost effective solution for a mechanical dis-connect available today!

**Size** - compact design allows for installation in tight spaces. When mated, the MPS is only 4 1/4" long.

**Fast assembly** - with a wire stripper alone, you can make up the MPS for an in-line connection of a standard 4 conductor motor wire. MPS accepts wires from 12AWG to 28 AWG.

**Color Coded** - simply align the 4 colors for quick and accurate installation of the plugs.

**UL Recognized** - UL rated at 300V, 15 Amps. E45172 UL approval number.
