System OVERVIEW

Whether you're looking to control your lights and motorized window treatments from your voice anywhere in your home, or from a mobile device anywhere in the world, we will provide a user-friendly solution

Our systems can be integrated with the industry's leading smart home systems such as Apple, Google or Alexa or they can operate in a standalone system using a simple remote control or wall keypad.

CONSULTATION

One of our experienced Project Managers will visit your home or business to provide an on-site consultation. They will discuss system and finish options, control methods, and integration with your home audio, video, and security systems (if applicable) and review specifications uniquely designed for your custom application.

SPECIFICATION SUPPORT

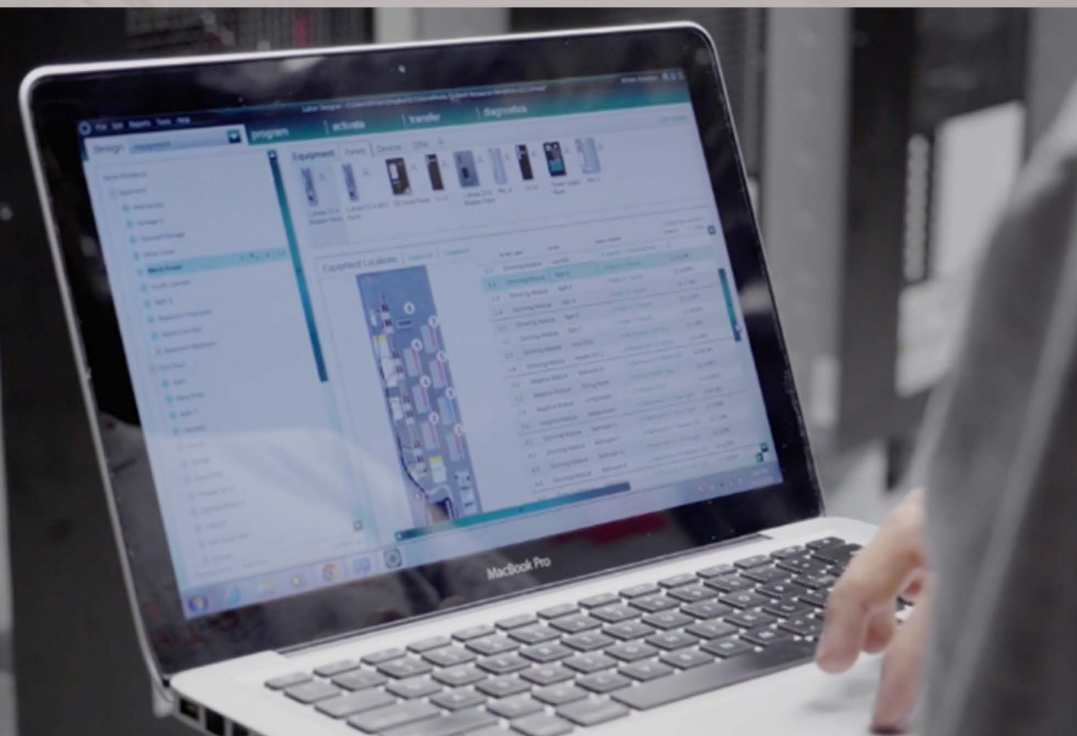

Our team is here to support every phase of your project, from concept to completion. We will work closely with your Architects, Designers, and Contractors to ensure that our products & process compliment the design intent of the project.

DESIGN

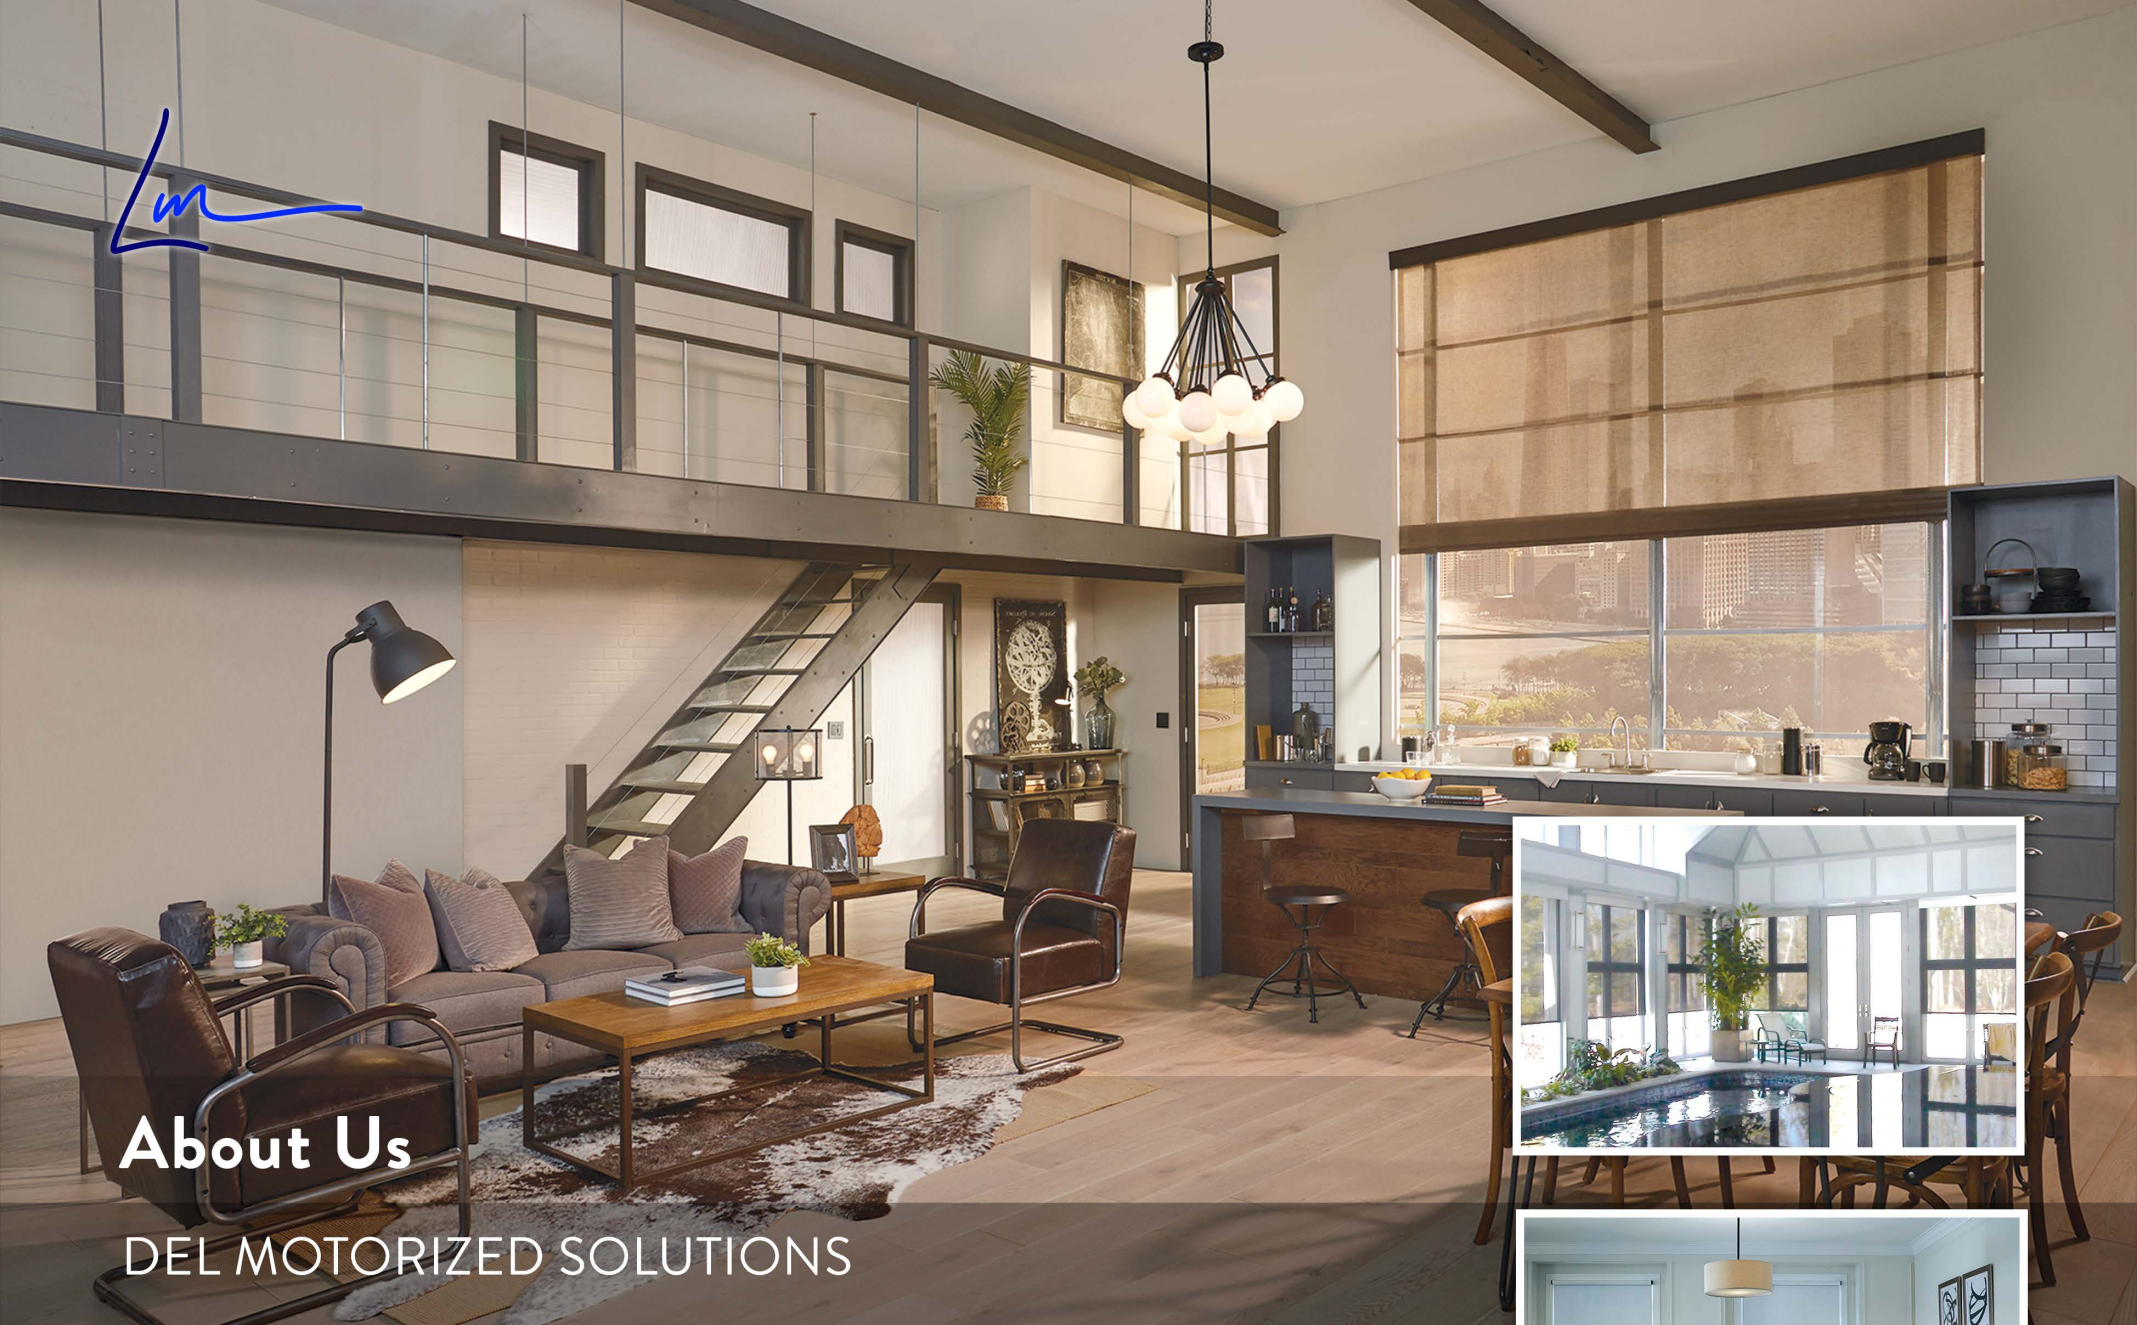

We will help you elevate your space with light. From technical elements to beautiful aesthetics, our team will provide guidance on selecting the best solution for your application. We create layouts and schematics and work closely with all stakeholders throughout the project to ensure seamless execution.

COMMISSIONING

One of the last steps in providing a truly unique solution is customizing it to meet your lifestyle. Our team provides system startup, setting dimming levels (and color tuning when applicable), fixture aim & focus, and keypad programming.

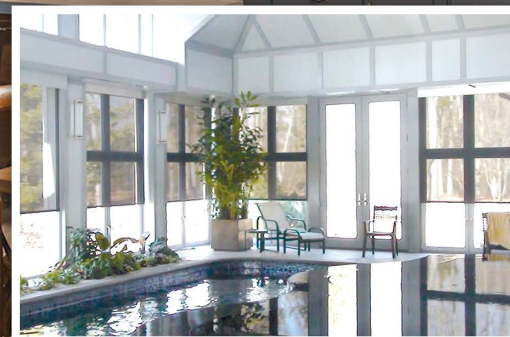

About Us

DEL MOTORIZED SOLUTIONS

Since 1976, we've proudly delivered the industry's most innovative automated products including shading, lighting, and controls.

Founded in the 1940's as an exclusive custom upholstery company, we have the ingrained passion to perform each project with precision. Our strive for perfection has enabled us to become Lutron's premier residential dealer and the first window treatment dealer inducted into the Lutron Hall of Fame.

Our MISSION

DEL Motorized Solutions is committed to providing our clients with the most innovative, high-quality products in the industry, coupled with a superior customer service experience.

- We are guided by core values that are shared by every member of our team
- We are dedicated to building long-term client relationships
- We will help inspire, educate, and problem solve for our clients
- We value the trust our clients have placed in us and continuously strive to exceed their expectations
